

Standard Features:

- Access door designed for return air application
- 1/2" spaced louvers stamped into a hinged (non-removable) steel face frame
- Face set in an outer filter grille frame
- Hinges parallel to longest side
- Hand operated lever for easy filter access
- Holds up to a 1" filter (not included) with filter retention tabs
- Rust resistant pre-coat with durable powder finish
- Soft White

Options:

Access door, no louvers (AD)

Finishes:

STANDARD COLORS

- Soft White
- Driftwood Tan

DESIGNER COLORS

- Black
- Bronze
- Storm Gray
- Cement Gray

- Aluminum Paint
- Coffee Tan
- Warm White
- Glossy White

FG/AD Frame Detail

Product Notes:

Filter grilles are manufactured 3/16" undersized nominal duct (outside dimension) for ease of installation. Air filter should be 1/4" to 1/2" undersize. Verify with air filter manufacturer for air specification to ensure a proper fit. Shoemaker filter grilles allow for installation of larger thickness filters (we offer 2" and 4" filter depths on specific models) which can reduce pressure drop on the overall system, improving air flow through the heat exchanger and allowing more time between filter changes. Contact customer service for more information.
